Additional Talking Points

Indoor Ceremony

STAT       ° Since I met with you here a scant two years ago, [ ] new stars have  
STAT been added to the silent memorial engraved in the wall of this foyer-- [ ]  
STAT       courageous lives lost in dedicated service to their country--and the names of  
STAT       [ ] of those [ ] will never be known outside this organization--victims of  
STAT       mindless terrorism--human beings whose sacrifice can never be publicly  
STAT       acknowledged. Moreover, as we meet today, your colleague Bill Buckley is in  
STAT       the hands of lawless terrorists, and we pray for his safety. These precious  
STAT       lives symbolize the perilous state of the world we live and work and sometimes  
STAT       die in, and underscore the need for our dedication and resolve to make it  
STAT       safer for generations to come. [ ]

Outdoor Ceremony

STAT       ° Consolidating the fragmented activities of CIA into one expanded  
STAT       facility will do more than merely reduce costs and create greater efficiency.  
STAT       The nature of CIA's work is such that it must in large measure be conducted in  
STAT       secret. "Circling the wagons," so to speak, will enhance the security of your  
STAT       work by reducing opportunities for penetrations by hostile intelligence  
STAT       services, not to mention the added protection you will gain from possible acts  
STAT       of terrorism. [ ]
